High Performance, Heavy Duty CD/DVD/BD Publishing System

Alea's new *Mito* is an industrial grade, all-metal, publishing system that offers CD, DVD and Blu-Ray frame-accurate duplication and printing in a flexible Windows 2000/XP/Vista/W7 based production environment. With a **200 or 800** disc in/out capacity, up to four 22XDVD, 52XCD, 10XBlu-ray state-of-the-art recorders and **Bulk Ink** jet print capabilities *Mito* can handle even the most challenging production needs.

Features

NEW. Frame-Accurate copying and verifying of BD, CD and DVD (Audio and Data).

NEW. Three (3) year warranty on the robotics.

NEW. Unlimited number of users network software (no need to buy license).

NEW. Dupe-Lock to copy-protect your **Video DVD**.

NEW. Ink Fountain to cut your disc printing cost down to **Euro 0.02 (2 cent)**

NEW. 240ml refillable ink tank to print up to **2400 discs without refill**.

- Up to 4 high-performance **22XDVD, 52XCD or 10X Blu ray** recorders.
- **200 to 800** disc for duplication and/or printing.
- Select input bin by media type (CD or DVD).
- Copies most of the current DVD/CD/BLU ray formats (audio & data).
- Print 4800 dpi labels directly on disc from the *Mito* built-in graphic editor.
- Automatic processing of Publishing Jobs sent by any license-free ECP client.
- Powered by Microsoft **Windows 2000/XP/Vista**.
- Single or Multi Master duplication and printing with no operator intervention.
- **Duplicate and Digital Print** up to **10 BD, 15 DVD, 30 CD** per hour.
- Support duplication and/or printing of mini CD or business card CD.
- High-Speed USB2 or E-SATA (option) data interface.
- **Disc serialization** with customer's chosen string.
- **Bar Code** printing.
- **Merge** Graphics with variable text.

ALEA SYSTEMS, Inc.

ALEA SYSTEMS

The **Mito**.net publishing system supports several CD/DVD/BD production strategies:

- | | |
|---|--|
| <ol style="list-style-type: none"> 1. Server Job Manager 2. Client Job Manager 3. Single master copy: 4. Multi-master copy: | <p>Duplicate Disc Images and Print files saved in the Mito's Server PC.
Create BD/CD/DVD jobs from Image and Print files saved in the Client PC.</p> <p>Copy, Print and Verify one Master CD/DVD/BD. You set the number of copies, the system does the rest.</p> <p>This "Job Streaming or Batch Mode" allows Mito to Copy and Print several master BD/CD/DVD disc automatically. While in this mode, the system reads the Disc Image or the Audio Tracks from the first Master Disc with Frame Accuracy and will continue copying and Printing as long as there are blank discs available in the Input Bin. As soon as the system finds a new Master Disc, the process starts all over again.</p> |
